**The unit class is not registered in Austria.*

managed by H2O Asset Management LLP, the following change :

1. Increase of the Fund's indicative average leverage level

The indicative average leverage level for the UCITS, which is currently 2, will rise to 9.

This not only aggregates the gross commitment generated by the long and short positions of financial contracts on the interest rate markets, but also that generated by the currency positions.

The date of entry into force of the modifications is 5th august 2019.

The Key Investor Information Documents (KIIDs) and the prospectus for the H2O Moderato mutual fund are free available:
