(2) Article L. 225-106 of the French Commercial Code: “A shareholder may be represented by another shareholder or by his or her spouse or civil partner.”

Any shareholder may receive powers issued by other shareholders to represent them at a meeting, without limits other than those imposed by the law or the Articles of Association fixing the maximum number of votes a single person may hold either on their own behalf or as a proxy. Before every General Meeting of Shareholders, the Chairman of the Board of Directors or the Executive Board, as the case may be, may organise a consultation with the shareholders mentioned in Article L. 225-102 to enable them to appoint one or more proxies to represent them at the General Meeting in accordance with the provisions of this Article. **This consultation is mandatory when, the Articles of Association having been amended in application of Article L. 225-23 or Article L. 225-71, the Ordinary General Meeting must appoint one or more employee shareholders or members of the Supervisory Board of the FCPE (employee mutual fund) holding shares of the company to the Board of Directors or the Supervisory Board, as the case may be.** Such a consultation shall also be obligatory where an Extraordinary General Meeting is required to take a decision on an amendment to the Articles of Association pursuant to Article L. 225-23 or Article L. 225-71. Any clauses that conflict with the provisions of the preceding sub-paragraphs are deemed null and void. In the case of any power of representation given by a shareholder without naming a proxy, the Chairman of the General Meeting shall issue a vote in favour of adopting any draft resolutions submitted or approved by the Board of Directors or the Executive Board, as the case may be, and a vote against adopting any other draft resolutions. To vote in any other manner, the shareholder must appoint a proxy who agrees to vote in the manner indicated by the principal.”

Any provisions to the contrary contained in the Articles of Association are deemed null and void. When calculating the quorum, only forms received by the Company before the Meeting shall be taken into account, under the conditions set out by an Order approved by the French Conseil d’Etat. Forms not indicating any vote or expressing an abstention shall not be considered to have been cast.”
